ADA, OKLAHOMA, SATURDAY EVENING, OCTOBER 17, 1908

NUMBER 171

GIRL KILLED HER AGED FATHER

Taylor, Tex., Oct. 16.—On the Henry Hoch farm, in the Turkey Creek community, five miles northeast of Taylor, yesterday morning about 7 o'clock Bessie Griffith, the 17-year-old daughter of J. William Griffith, a tenant on the place, shot and instantly killed her father, firing two shots from a 41-caliber revolver at close range, both shots taking effect in the left breast. Griffith had demanded of his daughter that she go to the cotton field and pick cotton. She refused, and the father drew a knife from his pocket.

Griffith was 50 years of age. In a preliminary trial held in Justice John Black's court this afternoon Miss Griffith was granted bail in the sum of \$500, which was readily given.

CHOCTAW VACANCIES FILLED.

Gov. McCurtain Makes Appointments
His Acts Endorsed.

Tuskahoma, Ok., Oct. 16.—Under the terms of an old Choctaw Nation law, Gov. Green McCurtain, principal chief of the Choctaws, has filled vacancies by appointment in both house and senate for the present session of the council. The vacancies were occasioned by the regular members being unable to attend. Dick Locke, Jr., and Silas Cole, both of Antlers, have been designated for the senate, and Dr. E. N. Wright of Olney has been appointed to the house in place of John Harrison, member from Atoka County.

It is understood that Dr. Wright will be the next delegate to Washington for the Choctaw people. He was recently defeated by Major Hackett of McAlester for the republican congressional nomination from the fourth district.

The council has already adopted

resolutions and memorials in sympathy with Gov. McCurtain's annual message. They advocate a unit sale of the segregated surface, coal and asphalt lands. They advocate the sale of the Indian's surplus lands, protest against reopening the Choctaw rolls and oppose the use of the Choctaw Nation's royalty money derived from coal to continue Indian schools. The tribal treaties provide that when Indians pay taxes to the state for school purposes the royalty money shall no longer be so applied.

Two Crops of Grapes.

Muskogee, Ok., Oct. 16.—Two crops of grapes grown on the same vine is the result of an experiment made by Dr. H. C. Rogers of Muskogee. The first crop was gathered in mid-summer. The grapes were well matured and had an excellent flavor. The second crop is now maturing and the grapes will be ripe in less than two weeks. The fruit hangs in large clusters.

WM. J. BRYAN AT DENVER.

Denver, Oct. 16.—Wm. J. Bryan was the guest of the city for several hours tonight and was given a very cordial reception. Great crowds lined the streets through which the candidate rode to the Auditorium, where he delivered the principal speech of the program of speech-making outlined for him.

All along the line of march he was received with enthusiastic acclaim. More than two score of marching clubs, from all sections of the state followed the candidate through the city's streets, and as he progressed, the glow of red fire and other pyrotechnics added to the brilliancy of the electrical effects and especially arranged for the occasion.

W. R. HEARST SUED

Omaha, Neb., Oct. 16.—After a dramatic scene on a Union Pacific passenger train last night, in which the door of his stateroom was burst open by a deputy sheriff, William R. Hearst, the millionaire publisher, was served with papers notifying him of a suit for \$600,000 brought against him for slander and libel by Gov. Haskell in the Douglas County (Neb.) District court.

The summons was served by Deputy Sheriff Stewart for Gov. Haskell's attorneys in the damage suit. The suit was filed in the district court at 10 o'clock last night, after which the papers were immediately withdrawn. It was known that Hearst would pass through Omaha last night on his way from Seattle to New York, and plans were laid accordingly. Deputy Sheriff Stewart was on hand with orders to serve the summons on Hearst, but had a trying time doing so.

After a knock on the door of Hearst's stateroom, the information was served through the keyhole of the door from the editor's wife that he was not in the room, but had gone to the depot to send a telegram. Not to be cheated, the deputy sheriff demanded admittance in the name of the law, saying if he were not admitted he would break down the door.

Then ensued a dramatic scene. Mrs. Hearst, one the inside, screamed out that she was alone and would admit no man, and the deputy proceeded to carry out the threat to break in. Using his shoulder as a battering ram, he crashed through the door and was met by Mrs. Hearst, partially disrobed, apparently on the verge of hysteria.

Nothing daunted, although Mrs. Hearst rushed screaming through the door out into the aisle, Deputy Stewart started to kick in the door of the toilet room adjoining the stateroom.

Then Hearst emerged and accepted the papers which the deputy thrust out. He appeared less indignant than his wife. Hearst said the summons was unexpected; that he had not the least suspicion that anything of the kind was to occur in Omaha.

Hearst Makes Statement.

"Why did you refuse admittance to the office?" was asked.

"Because my wife and myself had retired for the night," explained Mr. Hearst. "I had no objections to being served with the papers here, in Oklahoma or anywhere else. Frankly, I do not believe this case will ever come to trial, and the knowledge that this suit has been filed does not disturb me in the least. When Gov. Haskell said, not very long ago, that his only reason for not bringing the action against me was his lack of funds, I offered to donate the necessary amount from my own purse, and this offer still holds good."

Guthrie, Ok., Oct. 16.—When Gov. C. N. Haskell arrived from the East this morning he was handed a telegram from Virgil Conkling of Kansas City, retained by the governor to bring suit for libel and slander against W. R. Hearst, the millionaire newspaper publisher, advising the governor that personal service had been secured upon Mr. Hearst, on a train in Omaha.

The Associated Press carried a statement from Mr. Hearst given in Omaha last night, in which the editor stated that he had written Oklahoma's governor that he would defray a part of the expenses of the suit and accept service by mail.

Hearst's Statement Branded False.

"Both of these statements are absolutely false," said Gov. Haskell. "He has not sent me a word of any kind, neither by letter or telegram, nor in any other way. When I found that he had left his spectacular caravan on the Pacific Coast and was traveling eastward incognito, I immediately had guarded every trunk line gateway—St. Paul, Omaha, Kansas City, Fort Worth, Dallas and Houston, determined that he should not escape. I suggested that each train be overhauled from engine to rear car, and advised searching everything from the trucks to the car compartments. I am now told that three times on the train east he

emphatically denied his identity."

The suit of Gov. Haskell is for civil damages in the sum of \$600,000, for slander and libel contained in statements printed in the Chicago Examiner, over the signature of W. R. Hearst, and being the outgrowth of Mr. Hearst's speech in Memphis. These speeches have to do with the alleged attempt to bribe Attorney General Monnett of Ohio, and the case of the Prairie Oil and Gas Company in Oklahoma.

"Hearst can put this down," said Governor Haskell, in discussing the time of trial, "that if he thinks this suit was brought for fun he is badly mistaken. He will have an opportunity to learn that what some people call in Oklahoma 'bluff' has extracts of the real article in it. I certainly would not spend my money in getting over the country and hiring attorneys if I did not intend to put him on the rack."

Hearst Men Seeking Data.

Mr. Hearst has had his men in Oklahoma during the campaign gathering matter which deemed advantageous in the attack made upon Gov. Haskell. It was learned today that three of Hearst's newspapermen have been in Ohio for two weeks searching for matter there. It is predicted here that a hearing of the case will have the effect of setting at rest all of the charges brought against Gov. Haskell during the campaign, a matter which he says he has always courted. It was first planned to bring the suit in one of the North Missouri counties, where court could be found in session, but in this instance the governor's attorneys were confronted by the problem of securing service. For this reason the "open policy," or taking chances of service, was adopted. Handling the case for Gov. Haskell are Virgil Conkling, democratic nominee for prosecuting attorney of Jackson county (Kansas City); Ralph Lozier of Carrollton, Mo., brother of R. E.

Miss Gertrude Gilcreest.

Miss Gertrude Gilcreest concluded her visit with her friend, Mrs. George A. Frierson this morning and

returned to her home in Gainesville.

The unusual number of the more or less informal, but elaborate receptions extended in honor of Miss Gilcreest in several of the more popular Ada homes attest the favorable regard in which she was held by the Ada society, and, too, the substantial social position of her popular hostesses, Mrs. Frierson.

We have sold goods in Ada six years, but we don't ask you to trade with us for the reason we do business in Ada or because we are friends. Neither do we send you prices and descriptions and insist on you sending us the money without personal inspection of our goods, as catalogue houses do, but ask for your trade on the broad ground of good, reliable goods, sold at fair prices and easy terms, with the fact made prominent that we carry a good reliable stock.

We call special attention to our Rockers shipped direct from the factory; no middle man's profit. They are selling fast. Six Upholster Rockers went out Friday and Saturday. We placed rush orders today to supply the demand. When you are in our store, ask to see our Iron Beds, especially a Vernis Martin, two inch post for \$16.00. We solicit your inspection of our stock.

"Sapho" Last Night.

The largest and most fashionable audience of the week witnessed the Gertrude Ewing Company presentation of "Sapho" last night which was a most enjoyable dramatic event, and as promised was a strictly moral play, of course a play preaching eternal goodness would be monotonous therefore good and bad must be shown in the drama that the author—or rather the adapter—as in this case—may more forcibly bring out the moral lesson which is intended. To err; to sin is but human, to suffer to repent is its price, and no matter what "Sapho" may have been she bitterly repents and receives her reward in poor Flamant's love who serves a prison term for forgery for her, and who through Dechelett—who commits suicide for his sins—is released from prison and made rich.

Miss Ewing's Company gave an excellent performance and as "Sapho" she seemed to completely lose her identity in the artistic characterization. The Directorate gown worn by

Miss Ewing was a stunning creation and needed no opera glasses or Hamlet's ghost from the grave to tell that it was the real thing and made in gay Paree, and Ada theater goers need not hesitate to tell their other city friends so, it was not at all bad—as might be supposed bearing a Parisian brand—but beautiful and so pronounced by the critical.

In briefly reviewing the weeks' offerings, Miss Ewing and her company have more than "made good" and given us a list of plays that appeals to the discriminating theater goers, and out of the ordinary for their high standard of excellence, which might be termed the secret of her long past success. They close their engagement tonight with the merry musical farce comedy, "A Merry Widow" which is said to be all fun with new specialties, musical and Medleys, etc.

A hearty welcome ever awaits Miss Ewing and her company when they choose to pull the latch-string of Ada's Thespian portals as they have proven their worth in full.

STATE BOARD VALUATION GOES.

County Boards of Education Must Conform to Superior Power.

Guthrie, Ok., Oct. 16.—Answering an inquiry from State Auditor Trapp, the attorney general has held that county boards of equalization must abide, by the action of the state board in the matter of tax valuations. The inquiry was occasioned by the action of the county board of Jefferson county, which, thinking it within its power to revise the valuations made by the state board, reduced the valuation on bank stock to correspond to the state board's reduction in the valuation of personal property. County boards are without power to alter the returns of the state board no matter what the opinion of the county board may be by the opinion recites.

HASKELL VISITED OHIO HOME

Guthrie, Ok., Oct. 16.—"Pay your bluff, I have been to Ohio," was the notation on a sight draft for \$1,000 drawn by Gov. C. N. Haskell on the republican state committee, and placed in the Oklahoma state bank of this city for collection.

Otherwise the draft shows that this money is to be donated to furnishing the new building erected by the state for the Langston Colored University, and adds: "Being the only aid given this institution by the republican party of Oklahoma."

The governor insists that the republican committee offered to wager a thousand that he would not dare to visit Ohio before the campaign closed, and now he says he wants to collect the money. The draft will be presented at the office of State Chairman Norris tomorrow morning.

"I did not make generally known my intention to visit Ohio," said Gov. Haskell tonight, "because I did not know when I left here that I would be able to do so. Had I so announced and anything prevented trip, any explanation which might be made would not have been acceptable to the republican managers. They were very anxious to learn the date of my visit. What they need is a little tutoring in the science of practical politics."

The governor states that the report carried by the Associated Press that he was received at Lima and Ottawa, Ohio, none too cordially was untrue, and he has wired that organization for an explanation. His reception was cordial and enthusiastic, members of the governor's party state, and that he was not interrupted at any time, save with applause. He was met at the depot with a band and a procession of red lights.

PAIN

Pain in the head—pain anywhere, has its cause, else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure. Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. CHICKASAW ROLL.

Case Soon to Be Decided by U. S. Supreme Court.

Washington, Oct. 16.—The validity of the act of former secretary of the Interior, Hitchcock, in excluding the names of 1,500 Indians from the citizenship rolls of the five civilized tribes, just before his retirement from office, March 4, 1907, is involved in a case which was argued yesterday in the supreme court of the United States, and which will probably be decided within the next few days. The case is that of Secretary Garfield vs. Goldsby, a Chickasaw Indian, and Ida and George Allison, Cherokee Indians. Mr. Garfield having been substituted for Mr. Hitchcock.

The Indians claim the omission of their names was unwarranted, and they brought suits in the courts of the District of Columbia to compel their restoration. The district courts decided in their favor and the government appealed to the supreme court. Attorney General Bonaparte and Assistant Attorney Fowler appeared for the government and Morrill and Kappler of Washington and C. H. Giehheimer of Oklahoma for the Indians.

MORE FACTS ABOUT TAXES

DEMOCRATIC STATE GOVERNMENT COSTS LESS THAN CARPET-BAG RULE

EXPOSURE OF REPUBLICAN FALSEHOODS

Figures for 19 Counties of Old Oklahoma Show that State Levy for 19½ Months is Less than Territorial Levy for Twelve Months.

Of nineteen counties in old Oklahoma whose boundary lines were unchanged by the Constitution, there are but four where the state tax for 19½ months is not several hundred dollars less than the 1907 levy for territorial taxes for 12 months.

In considering the following figures, which are taken from the official records of the state auditor, the fact should be borne in mind that all the appropriations made by the first state legislature were for a period of 19½ months, and that the first state tax levy must be sufficient to pay the expense of the state government for 19½ months. The territorial levy for 1907 was to meet appropriations that were made to cover the territorial expenses for only twelve months, or one fiscal year. It should also be borne in mind that when the democratic state officials got possession of the records from their republican predecessors, they discovered outstanding warrant indebtedness of the territory of Oklahoma aggregating almost \$1,000,000. The records also show that the greater part of this \$1,000,000 debt was contracted during the last two years of the carpet-bag regime.

Blaine County.

Here are the official figures for Blaine county. In 1907, under republican territorial administration, the total valuation of Blaine county was fixed at \$2,677,808. Under the territorial levy of 5½ mills Blaine county was required to pay toward the support of territorial government, \$14,700.44.

This year under a democratic state government the property of Blaine county is valued at \$9,667,407. The state levy is fixed at 1-14 mills, and Blaine county will this year pay \$12,085.25 toward the support of the state government. This amount, it must be remembered, is for 19½ months expenses, but still is \$2,615.75 less than was assessed against Blaine county to support the territorial government for 12 months. Taking the total state taxes of \$12,085.25 levied against Blaine county this year and divide it by 19½ and you will obtain \$619.70, the proportionate amount which Blaine county will have to pay to support the state government one month. Multiply \$619.70 by 12 and you have \$7,436.40, the amount which Blaine county under statehood will have to pay to support the state government one year, as compared with \$14,700.44 under republican territorial rule.

Beaver County

Old Beaver county, embracing the territory now included in Beaver, Texas and Cimarron counties, was valued last year by the republican territorial board of equalization at \$3,157,947, and under the territorial tax levy of 5½ mills paid \$17,368.79 taxes to support the territorial government. This year the three counties embraced in what was old Beaver county, have been given an aggregate valuation of \$11,697,465. Under the state levy of 1-14 mills they will be required to pay \$14,621.83 toward the support of state government for 19½ months. This is \$2,746.88 less than Beaver county paid under republican territorial rule to support the territorial government for 12 months. Dividing \$14,621.83 by 19½ you secure \$749.83, the amount which Beaver, Texas and Cimarron counties will be required to pay to support the state government for one month. Multiply this by 12 and you have \$8,997.96, which is the amount that these three counties will pay to support state government for one year as compared with \$17,368.79, the amount which the same territory paid to support the republican territorial regime for 12 months.

Caddo County.

In 1907 the total valuation of Caddo county was fixed at \$3,326,756, and under the territorial levy of 5½ mills Caddo county was required to pay \$18,297.16 toward the support of territorial government for one year.

This year Caddo county is valued at \$13,687,628, and under the state levy of 1-14 mills will pay \$17,046.91 toward the support of state government for 19½ months. This is \$1,250.25 less than Caddo county paid in 1907 for the support of territorial government for one year. Taking the total state tax of Caddo county for this year, of \$17,046.91 and dividing that by 19½ you will obtain \$874.20, which is the amount Caddo county will pay to support the state government for one month. Multiply this result by 12 and you obtain \$10,490.40, the amount which Caddo county must pay to support the state government for one year, as compared with \$18,297.16 which Caddo county was last year required to pay toward the support of

republican territorial government for one year.

Canadian County.

In 1907 Canadian county was assessed at \$3,811,985, and under the territorial levy of 5½ mills paid \$20,965.92 toward the expense of territorial government for one year.

This year Canadian county has a total valuation of \$16,966,770. Under the state levy of 1-14 mills she will pay \$21,208.46 towards the support of the state government for 19½ months. This is \$242.54 in excess of the amount which Canadian county paid in 1907 to support the territorial government 12 months. Dividing \$21,208.46 by 19½ you obtain \$1,087.61, the amount which Canadian county will pay to support state government for one month. Multiply this result by 12 and you obtain \$13,051.32, the amount which Canadian county will be required to pay to support state government 12 months, as compared with \$20,965.92, the amount which Canadian county was required to pay to support territorial government for 12 months.

Cleveland County.

In 1907 the total assessed valuation of Cleveland county was \$2,219,124, and under the territorial levy of 5½ mills Cleveland county paid towards the support of territorial government for 12 months \$12,205.18.

This year the assessed valuation of Cleveland county is fixed at \$87,424,692, and under the state levy of 1-14 mills will pay \$9,820.86 for the maintenance of state government for 19½ months. This is \$2,924.23 less than Cleveland county paid in 1907 to support territorial government for a period of 12 months. Divide \$9,820.86 by 19½ and you obtain \$475.94, the proportionate amount which Cleveland county will pay for the maintenance of state government for one month. Multiply this result by 12 and you obtain \$5,711.28, the amount which Cleveland county will pay for the support of state government for one year, as compared with \$12,205.18 which Cleveland county was required to pay to support territorial government for one year.

Custer County.

In 1907 Custer county was given a total valuation of \$3,325,859, and under the territorial tax levy of 5½ mills paid \$18,292.22 toward the expenses of territorial government for 12 months.

This year Custer county has a total valuation of \$12,353,867, and under the state tax levy of 1-14 mills will pay \$15,422.33 toward the support of state government for 19½ months, which is \$2,849.89 less than Custer county paid last year for the maintenance of territorial government for 12 months.

Divide \$15,422.33 by 19½ and you obtain \$791.91, which is the amount Custer county will be required to pay for state government for one month. Multiply this result by 12 and it gives you \$9,502.92, the amount which Custer county will pay for the support of state government for one year as compared with \$18,292.22 paid by Custer county under republican carpet-bag rule to support the territorial government 12 months.

Dewey County.

In 1907 Dewey county was given a total valuation of \$1,522,722, and under the territorial levy of 5½ mills paid \$8,374.97 for the maintenance of territorial government for 12 months.

This year Dewey county was assessed at \$5,820,380, and under the state levy of 1-14 mills will pay \$7,275.47 toward the expense of state government for 19½ months, or \$1,099.50 less than the same county paid last year to support territorial government one year.

Divide \$7,275.47 by 19½ and you obtain \$373.10, the amount which Dewey county will pay this year toward the support of state government for one month. Multiply this result by 12 and it gives \$4,477.20, the amount which Dewey county will contribute toward the expenses of state government for one year as compared with \$8,374.97 collected in Dewey county in 1907 to support the territorial government for one year.

Garfield County.

In 1907 Garfield county had a total valuation of \$5,407,762, and paid \$29,742.69 territorial taxes for a period of one year.

This year Garfield county has a total valuation of \$24,506,597 and will pay \$30,633.24 toward the expenses of state government for a period of 19½ months, or \$890.55 more than the same county paid last year to support territorial government twelve months.

Divide \$30,633.24 by 19½ and you obtain \$1,570.93, the amount which Garfield county will pay to support state government one month. Multiply this result by 12 and you obtain \$18,851.16, the amount which Garfield county will be required to pay for the support of state government for 12 months, is compared with \$29,742.69, which Garfield county was required to pay in 1907 to support the territorial government for one year.

Grant County.

In 1907 Grant county had a total valuation of \$3,530,653. Under the territorial levy of 5½ mills it was required to pay \$19,418.59 in territorial taxes for a period of 12 months.

This year Grant county has a total valuation of \$17,071,123, and under the state levy of 1-14 mills will pay \$21,338.90 toward the support of state government for a period of 19½ months, or \$1,920.31 more than was paid by the same county last year to support territorial government 12 months. Divide \$21,338.90 by 19½ and you obtain \$1,094.30, the amount which Grant county will be required to pay to maintain the state government one month. Multiply this result by 12 and it gives you \$13,131.60, the

taxes to be paid by Grant county for the support of the state government for 12 months, as compared with \$19,418.59 collected in 1907 to support the territorial government for 12 months.

Kay County.

In 1907 Kay county had a total assessed valuation of \$4,353,747 and under the territorial levy of five and a half mills, paid \$23,945.61 territorial tax. This year Kay county's assessed valuation is \$19,568,862, and under the state levy of one and one-fourth mills will pay \$21,461.07 for the maintenance of state government for a period of nineteen and a half months. This is \$515.46 less than Kay county paid in 1907 for the support of territorial government for twelve months.

Divide \$21,461.07 by nineteen and a half and you have \$1,100.56, which is the proportionate amount of Kay county's state taxes for one month. Multiply this sum by twelve and you have \$13,206.72, which Kay county will have to pay under the democratic state administration to support the state government for twelve months, as compared with \$23,945.61, paid by Kay county in 1907 to maintain the territorial government 12 months.

Kingfisher County.

In 1907 Kingfisher county had a total assessed valuation of \$3,192,130, and paid \$17,556.72 territorial taxes. This year Kingfisher county has a total assessed valuation of \$11,414,137 and will pay for the support of the state government for 19½ months, \$14,267.67, just \$3,289.05 less than Kingfisher county paid in 1907 to support the republican territorial regime for twelve months.

Divide \$14,267.67 by nineteen and a half and you have \$731.67, which is the proportionate amount Kingfisher county will pay toward the support of state government for one month. Multiply this sum by twelve and you have \$8,780.04, which is the amount Kingfisher county will pay for the maintenance of democratic state government for twelve months, as compared with \$17,556.72, the amount paid by the same county last year in territorial taxes.

Kiowa County.

In 1907 Kiowa county had a total assessed valuation of \$3,502,151, and paid \$19,261.83 as territorial taxes. This year Kiowa county has a total valuation of \$13,812,019, and will pay \$17,265.02 state taxes for a period of nineteen and a half months. This is \$1,996.81 less than the republican territorial administration collected for twelve months.

Divide \$17,265.02 by nineteen and a half and the result is \$855.33, the amount which Kiowa county will have to pay for the support of the state government for one month. Multiply this sum by twelve and you have \$10,264.56, which is the amount of state taxes Kiowa county will pay for a period of one year, as compared with \$19,261.83 collected under territorial administration in 1907 for a similar period.

Lincoln County.

Last year Lincoln county was placed on the tax rolls at a total valuation of \$4,399,974, and territorial taxes amounting to \$24,199.86 were assessed against this property.

This year Lincoln county has a total assessed valuation of \$17,221,587, and under the state levy of one and a fourth mills will pay \$21,534.48 towards the maintenance of state government for a period of nineteen and a half months, for which all appropriations run. This is \$2,655.38 less than the amount collected by the republican territorial administration in 1907 for territorial taxes in Lincoln county, and yet Lincoln county is one of the places where the republican papers and republican speakers have been clamoring about the way the democrats raised the taxes.

Divide \$21,534.48 by nineteen and a half and it gives you \$1,104.33, which is the proportionate amount that Lincoln county will pay to support the state government for one month. Multiply this sum by twelve and you secure \$13,251.96, which is the amount of state taxes that Lincoln county will have to pay to support the state government for one year, as compared with \$24,199.86, the amount which Lincoln county was assessed in 1907 to support the territorial government one year.

Logan County.

In 1907 Logan county had a total valuation of \$1,892,705 and paid \$26,698.88 territorial taxes for one year. This year Logan county is valued at \$11,528,455, and under the state levy of one and a fourth mills will pay \$21,810.56 state taxes for a period of nineteen and a half months. This lacks just sixty-eight cents of being \$5,000 less than the same county paid toward the support of territorial government for twelve months.

Divide \$21,810.56 by nineteen and a half and you have \$1,123.61, the amount which Logan county will have to pay for the support of state government for one month. Multiply this sum by twelve and you secure \$13,483.32, which is the amount Logan county will have to pay for the support of state government for one year as compared with \$26,698.88, which was the amount collected under territorial rule for the same length of time.

Oklahoma County.

In 1907 Oklahoma county had a total assessed valuation of \$17,277,587, and paid in territorial taxes \$51,647.68. This year Oklahoma county has a total assessed valuation of \$46,035,564, and under the state levy of one and a fourth mills, will pay \$57,544.45 toward the support of state government for nineteen and a half months. This is an increase of \$5,896.77 over the taxes paid last year

to support the territorial government for a period of one year.

Divide \$57,544.45 by nineteen and a half and you have \$2,950, which is the amount Oklahoma County will be required to pay for the support of state government for one month. Multiply this amount by twelve and you have \$35,400, which is the amount that Oklahoma county will pay toward the support of state government for one year, as compared with \$51,647.68 paid by the same county last year.

Noble County.

In 1907 Noble county had a total assessed valuation of \$2,203,412, and paid \$12,118.77 toward the support of the territorial regime for a period of twelve months.

This year Noble county has a total assessed valuation of \$10,023,526 and will pay \$12,529.40 to the support of state government for a period of nineteen and a half months. This is \$410.62 in excess of the amount paid in 1907 toward the support of territorial government for twelve months. Dividing \$12,529.40 by nineteen and a half you have \$642.53, the amount that Noble county will pay for one month to support the state government. Multiply this sum by twelve and you have \$7,710.36, the amount that Noble county will pay toward the support of the state government for twelve months, as compared with \$12,118.77, the amount paid by that county toward the expense of territorial government for the same period of time.

Pawnee County.

In 1907 Pawnee county had a total assessed valuation of \$5,063,340, and paid territorial taxes for one year in the amount of \$27,848.37.

This year Pawnee county has a total valuation of \$10,820,198, and under the state levy of one and a fourth mills will pay a state tax of \$13,525.24 for a period of nineteen and a half months for which the levy is made. This is \$14,233.12 less than the same county paid in 1907 for territorial taxes for a period of one year.

Divide \$13,525.24 by nineteen and a half and you obtain \$693.60, the proportionate amount that Pawnee county will pay each month to support the state government. Multiply this result by twelve and it gives you \$8,323.20, the amount of state taxes Pawnee county will have to pay in twelve months, as compared with \$27,848.37 paid by the same county last year for the support of territorial government for twelve months.

Payne County.

In 1907 Payne county had an assessed valuation of \$3,544,312, and paid \$19,493.72 in territorial taxes for one year.

This year Payne county has a total valuation of \$11,664,699, and will pay \$14,580.87 toward the support of state government for nineteen and a half months, the period for which all appropriations were made. This is \$4,912.85 less than the same county paid last year to support territorial government for twelve months.

Divide \$14,580.87 by nineteen and a half and you have \$747.73, the proportionate amount that Payne county will pay for the support of the state government for one month. Multiply this result by twelve and it gives you \$8,972.76, the amount of state tax that Payne county will pay for one year, as compared with \$19,493.72 levied and collected in the same county by the republican territorial carpet-baggers for a period of the same duration.

Pottawatomie County.

In 1907 Pottawatomie county had an assessed valuation of \$4,776,069, and paid territorial taxes for twelve months in the sum of \$26,268.38.

This year under a democratic administration, the property of Pottawatomie county is valued at \$16,602,352, and the state taxes for nineteen and a half months will be \$20,752.56, or \$5,515.82 less than was levied and collected in the same county last year for the support of the territorial government.

Divide \$20,752.56 by nineteen and a half and you secure \$1,064.23, which is the amount that Pottawatomie county will pay toward the expense of state government for one month.

Multiply this result by twelve and it gives you \$12,770.76, the amount which Pottawatomie county will pay toward the support of state government for one year, as compared with \$26,268.38, levied in the same county last year by a republican carpet-bag board, to defray the expenses of the territorial government for twelve months.

ADA, OKLAHOMA, SATURDAY EVENING, OCTOBER 17, 1908

NUMBER 171

GIRL KILLED HER AGED FATHER

Taylor, Tex., Oct. 16.—On the Henry Hoch farm, in the Turkey Creek community, five miles northeast of Taylor, yesterday morning about 7 o'clock Bessie Griffith, the 17-year-old daughter of J. William Griffith, a tenant on the place, shot and instantly killed her father, firing two shots from a .41-caliber revolver at close range, both shots taking effect in the left breast. Griffith had demanded of his daughter that she go to the cotton field and pick cotton. She refused, and the father drew a knife from his pocket.

Griffith was 50 years of age. In a preliminary trial held in Justice John Black's court this afternoon Miss Griffith was granted bail in the sum of \$500, which was readily given.

CHOCTAW VACANCIES FILLED.

Gov. McCurtain Makes Appointments
His Acts Endorsed.

Tuskahoma, Ok., Oct. 16.—Under the terms of an old Choctaw Nation law, Gov. Green McCurtain, principal chief of the Choctaws, has filled vacancies by appointment in both house and senate for the present session of the council. The vacancies were occasioned by the regular members being unable to attend. Dick Locke, Jr., and Silas Cole, both of Antlers, have been designated for the senate, and Dr. E. N. Wright of Olney has been appointed to the house in place of John Harrison, member from Atoka County.

It is understood that Dr. Wright will be the next delegate to Washington for the Choctaw people. He was recently defeated by Major Hackett of McAlester for the republican congressional nomination from the fourth district.

The council has already adopted

resolutions and memorials in sympathy with Gov. McCurtain's annual message. They advocate a unit sale of the segregated surface, coal and asphalt lands. They advocate the sale of the Indian's surplus lands, protest against reopening the Choctaw rolls and oppose the use of the Choctaw Nation's royalty money derived from coal to continue Indian schools. The tribal treaties provide that when Indians pay taxes to the state for school purposes the royalty money shall no longer be so applied.

Two Crops of Grapes.

Muskogee, Ok., Oct. 16.—Two crops of grapes grown on the same vine is the result of an experiment made by Dr. H. C. Rogers of Muskogee. The first crop was gathered in mid-summer. The grapes were well matured and had an excellent flavor. The second crop is now maturing and the grapes will be ripe in less than two weeks. The fruit hangs in large clusters.

WM. J. BRYAN AT DENVER.

Denver, Oct. 16.—Wm. J. Bryan was the guest of the city for several hours tonight and was given a very cordial reception. Great crowds lined the streets through which the candidate rode to the Auditorium, where he delivered the principal speech of the program of speech-making outlined for him.

All along the line of march he was received with enthusiastic acclaim. More than two score of marching clubs, from all sections of the state followed the candidate through the city's streets, and as he progressed, the glow of red fire and other pyrotechnics added to the brilliancy of the electrical effects and especially arranged for the occasion.

W. R. HEARST SUED

Omaha, Neb., Oct. 16.—After a dramatic scene on a Union Pacific passenger train last night, in which the door of his stateroom was burst open by a deputy sheriff, William R. Hearst, the millionaire publisher, was served with papers notifying him of a suit for \$600,000 brought against him for slander and libel by Gov. Haskell in the Douglas County (Neb.) District court.

The summons was served by Deputy Sheriff Stewart for Gov. Haskell's attorneys in the damage suit. The suit was filed in the district court at 10 o'clock last night, after which the papers were immediately withdrawn. It was known that Hearst would pass through Omaha last night on his way from Seattle to New York, and plans were laid accordingly. Deputy Sheriff Stewart was on hand with orders to serve the summons on Hearst, but had a trying time doing so.

After a knock on the door of Hearst's stateroom, the information was served through the keyhole of the door from the editor's wife that he was not in the room, but had gone to the depot to send a telegram. Not to be cheated, the deputy sheriff demanded admittance in the name of the law, saying if he were not admitted he would break down the door.

Then ensued a dramatic scene. Mrs. Hearst, one the inside, screamed out that she was alone and would admit no man, and the deputy proceeded to carry out the threat to break in. Using his shoulder as a battering ram, he crashed through the door and was met by Mrs. Hearst, partially disrobed, apparently on the verge of hysteria.

Nothing daunted, although Mrs. Hearst rushed screaming through the door out into the aisle, Deputy Stewart started to kick in the door of the toilet room adjoining the stateroom.

Then Hearst emerged and accepted the papers which the deputy thrust out. He appeared less indignant than his wife. Hearst said the summons was unexpected, that he had not the least suspicion that anything of the kind was to occur in Omaha.

Hearst Makes Statement.

"Why did you refuse admittance to the office?" was asked.
"Because my wife and myself had retired for the night," explained Mr. Hearst. "I had no objections to being served with the papers here, in Oklahoma or anywhere else. Frankly, I do not believe this case will ever come to trial, and the knowledge that this suit has been filed does not disturb me in the least. When Gov. Haskell said, not very long ago, that his only reason for not bringing the action against me was his lack of funds, I offered to donate the necessary amount from my own purse, and this offer still holds good."

Guthrie, Ok., Oct. 16.—When Gov. C. N. Haskell arrived from the East this morning he was handed a telegram from Virgil Conkling of Kansas City, retained by the governor to bring suit for libel and slander against W. R. Hearst, the millionaire newspaper publisher, advising the governor that personal service had been secured upon Mr. Hearst, on a train in Omaha.

The Associated Press carried a statement from Mr. Hearst given in Omaha last night, in which the editor stated that he had written Oklahoma's governor that he would defray a part of the expenses of the suit and accept service by mail.

Hearst's Statement Branded False.

"Both of these statements are absolutely false," said Gov. Haskell. "He has not sent me a word of any kind, neither by letter or telegram, nor in any other way. When I found that he had left his spectacular caravan on the Pacific Coast and was traveling eastward incognito, I immediately had guarded every trunk line gateway—St. Paul, Omaha, Kansas City, Fort Worth, Dallas and Houston, determined that he should not escape. I suggested that each train be overhauled from engine to rear car, and advised searching everything from the trucks to the car compartments. I am now told that three times on the train east he

emphatically denied his identity."

The suit of Gov. Haskell is for civil damages in the sum of \$600,000, for slander and libel contained in statements printed in the Chicago Examiner, over the signature of W. R. Hearst, and being the outgrowth of Mr. Hearst's speech in Memphis. These speeches have to do with the alleged attempt to bribe Attorney General Monnett of Ohio, and the case "the Prairie Oil and Gas Company in Oklahoma."

"Hearst can put this down," said Governor Haskell, in discussing the time of trial. "that if he thinks this suit was brought for fun he is badly mistaken. He will have an opportunity to learn that what some people call in Oklahoma 'bluff' has extracts of the real article in it. I certainly would not spend my money in getting over the country and hiring attorneys if I did not intend to put him on the rack."

Hearst Men Seeking Data.

Mr. Hearst has had his men in Oklahoma during the campaign gathering matter which deemed advantageous in the attack made upon Gov. Haskell. It was learned today that three of Hearst's newspapermen have been in Ohio for two weeks searching for matter there. It is predicted here that a hearing of the case will have the effect of setting at rest all of the charges brought against Gov. Haskell during the campaign, a matter which he says he has always courted. It was first planned to bring the suit in one of the North Missouri counties, where court could be found in session, but in this instance the governor's attorneys were confronted by the problem of securing service. For this reason the "open policy," or taking chances of service, was adopted. Handling the case for Gov. Haskell are Virgil Conkling, democratic nominee for prosecuting attorney of Jackson county (Kansas City); Ralph Lozier of Carrollton, Mo., brother of R. E.

The unusual number of the more or less informal, but elaborate receptions extended in honor of Miss Gilcrest in several of the more popular Ada homes attest the favorable regard in which she was held by the Ada society, and, too, the substantial social position of her popular hostess, Mrs. Frierson.

"Sapho" Last Night.

The largest and most fashionable audience of the week witnessed the Gertrude Ewing Company presentation of "Sapho" last night which was a most enjoyable dramatic event, and as promised was a strictly moral play, of course a play preaching eternal goodness would be monotonous therefore good and bad must be shown in the drama that the author—or rather the adapter—as in this case—may more forcefully bring out the moral lesson which is intended. To err is but human, to suffer to repent is its price, and no matter what "Sapho" may have been she, bitterly repents and receives her reward in poor Plaman's love who serves a prison term for forgery for her, and who through Dechelett—who commits suicide for his sins—is released from prison and made rich.

Miss Ewing's Company gave an excellent performance and as "Sapho" she seemed to completely lose her identity in the artistic characterization. The Directorate gown worn by

Miss Ewing was a stunning creation and needed no opera glasses or Hamlet's ghost from the grave to tell that it was the real thing and made in gray Paree, and Ada theatergoers need not hesitate to tell their other city friends so, it was not at all bad—as might be supposed bearing a Parisian brand—but beautiful and so pronounced by the critical.

In briefly reviewing the weeks' offerings, Miss Ewing and her company have more than "made good" and given us a list of plays that appeals to the discriminating theatergoers, and out of the ordinary for their high standard of excellence, which might be termed the secret of her long past success. They close their engagement tonight with the merry musical farce comedy, "A Merry Widow" which is said to be all fun with new specialties, musical and Medleys, etc.

A hearty welcome ever awaits Miss Ewing and her company when they choose to pull the latch-string of Ada's Theatrical portals as they have proven their worth in full.

STATE BOARD VALUATION GOES.

County Boards of Education Must Conform to Superior Power.

Guthrie, Ok., Oct. 16.—Answering an inquiry from State Auditor Trapp, the attorney general has held that county boards of equalization must abide by the action of the state board in the matter of tax valuations. The inquiry was occasioned by the action of the county board of Jefferson county, which, thinking it within its power to revise the valuations made by the state board, reduced the valuation on bank stock to correspond to the state board's reduction in the valuation of personal property. County boards are without power to alter the returns of the state board no matter what the opinion of the county board may be by the opinion recites.

HASKELL VISITED OHIO HOME

Guthrie, Ok., Oct. 16.—"Pay your bluff, I have been to Ohio," was the notation on a sight draft for \$1,000 drawn by Gov. C. N. Haskell on the republican state committee, and placed in the Oklahoma state bank of this city for collection.

Otherwise the draft shows that this money is to be donated to furnishing the new building erected by the state for the Langston Colored University, and adds: "Being the only aid given this institution by the republican party of Oklahoma."

The governor insists that the republican committee offered to wager a thousand that he would not dare to visit Ohio before the campaign closed, and now he says he wants to collect the money. The draft will be presented at the office of State Chairman Norris tomorrow morning.

"I did not make generally known my intention to visit Ohio," said Gov. Haskell tonight, "because I did not know when I left here that I would be able to do so. Had I so announced and anything prevented trip, any explanation which might be made would not have been acceptable to the republican managers. They were very anxious to learn the date of my visit. What they need is a little tutoring in the science of practical politics."

The governor states that the report carried by the Associated Press that he was received at Lima and Ottawa, Ohio, none too cordially was untrue, and he has wired that organization for an explanation. His reception was cordial and enthusiastic, members of the governor's party state, and that he was not interrupted at any time, save with applause. He was met at the depot with a band and a procession of red lights.

PAIN

Pain in the head—pain anywhere, has its cause. Pain in the head, is blood pressure—nothing else usually. It is caused by Dr. Shoop's Headache Tablets. That tablet—called Dr. Shoop's Headache Tablets—cures blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently though safely, it surely equalizes the blood circulation.
If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are restless, nervous, it's blood pressure. That's why Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.
Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must falter. Dr. Shoop's Restorative is directed specifically to these failing nerves. CHICKSAW ROLL.

Case Soon to Be Decided by U. S. Supreme Court.

Washington, Oct. 16—The validity of the act of former secretary of the Interior, Hitchcock, in excluding the names of 1,500 Indians from the citizenship rolls of the five civilized tribes, just before his retirement from office, March 4, 1907, is involved in a case which was argued yesterday in the supreme court of the United States, and which will probably be decided within the next few days. The case is that of Secretary Garfield vs. Goldsby, a Chickasaw Indian, and Ida and George Allison, Cherokee Indians. Mr. Garfield having been substituted for Mr. Hitchcock.

The Indians claim the omission of their names was unwarranted, and they brought suits in the courts of the District of Columbia to compel their restoration. The district courts decided in their favor and the government appealed to the supreme court. Attorney General Bonaparte and Assistant Attorney General Fowler appeared for the government, and Merrill and Kappeler of Washington and C. H. Guhlheim of Oklahoma for the Indians.

MORE FACTS ABOUT TAXES

DEMOCRATIC STATE GOVERNMENT COSTS LESS THAN CARPET BAG RULE

EXPOSURE OF REPUBLICAN FALSEHOODS

Figures for 19 Counties of Old Oklahoma Show that State Levy for 19 1/2 Months is Less than Territorial Levy for Twelve Months.

Of nineteen counties in old Oklahoma whose boundary lines were unchanged by the Constitution there are but four where the state tax for 19 1/2 months is not several hundred dollars less than the 1907 levy for territorial taxes for 12 months.

In considering the following figures which are taken from the official records of the state auditor the fact should be borne in mind that all the appropriations made by the first state legislature were for a period of 19 1/2 months and that the first state tax levy must be sufficient to pay the expense of the state government for 19 1/2 months. The territorial levy for 1907 was to meet appropriations that were made to cover the territorial expenses for only twelve months, or one fiscal year. It should also be borne in mind that when the democratic state officials got possession of the records from their republican predecessors, they discovered outstanding warrant indebtedness of the territory of Oklahoma aggregating almost \$1,000,000. The records also show that the greater part of this \$1,000,000 debt was contracted during the last two years of the carpet bag regime.

Blaine County

Here are the official figures for Blaine county. In 1907 under republican territorial administration the total valuation of Blaine county was fixed at \$267,808. Under the territorial levy of 5 1/2 mills Blaine county was required to pay toward the support of territorial government, \$14,700.44.

This year under a democratic state government the property of Blaine county is valued at \$866,740. The state levy is fixed at 1 1/4 mills and Blaine county will this year pay \$12,085.25 toward the support of the state government. This amount it must be remembered is for 19 1/2 months expenses but still is \$2,615.75 less than was assessed against Blaine county to support the territorial government for 12 months. Taking the total state taxes of \$12,085.25 levied against Blaine county this year and divide it by 19 1/2 and you will obtain \$619.70 the proportionate amount which Blaine county will have to pay to support the state government one month. Multiply \$619.70 by 12 and you have \$7,436.40 the amount which Blaine county under statehood will have to pay to support the state government one year as compared with \$14,700.44 under republican territorial rule.

Beaver County

Old Beaver county embracing the territory now included in Beaver, Texas and Cimarron counties was valued last year by the republican territorial board of equalization at \$3,157,947 and under the territorial tax levy of 5 1/2 mills paid \$17,368.79 taxes to support the territorial government. This year the three counties embraced in what was old Beaver county have been given an aggregate valuation of \$11,697,465. Under the state levy of 1 1/4 mills they will be required to pay \$14,827.88 toward the support of state government for 19 1/2 months. This is \$2,746.88 less than Beaver county paid under republican territorial rule to support the territorial government for 12 months. Dividing \$14,827.88 by 19 1/2 you secure \$749.83 the amount which Beaver, Texas and Cimarron counties will be required to pay to support the state government for one month. Multiply this by 12 and you have \$8,997.96 which is the amount that these three counties will pay to support state government for one year as compared with \$17,368.79 the amount which the same territory paid to support the republican territorial regime for 12 months.

Caddo County

In 1907 the total valuation of Caddo county was fixed at \$3,326,756, and under the territorial levy of 5 1/2 mills Caddo county was required to pay \$18,297.16 toward the support of territorial government for 12 months.

This year Caddo county is valued at \$13,687,528 and under the state levy of 1 1/4 mills will pay \$17,046.91 toward the support of state government for 19 1/2 months. This is \$1,250.25 less than Caddo county paid in 1907 for the support of territorial government for one year. Taking the total state tax of Caddo county for this year, of \$17,046.91 and dividing that by 19 1/2 you will obtain \$874.20 which is the amount Caddo county will pay to support the state government for one month. Multiply this result by 12 and you obtain \$10,490.40 the amount which Caddo county must pay to support the state government for one year as compared with \$18,297.16 which Caddo county was last year required to pay toward the support of

republican territorial government for one year.

Canadian County

In 1907 Canadian county was assessed at \$3,811,985, and under the territorial levy of 5 1/2 mills paid \$20,965.92 toward the expense of territorial government for one year.

This year Canadian county has a total valuation of \$16,966,770. Under the state levy of 1 1/4 mills she will pay \$21,208.46 towards the support of the state government for 19 1/2 months. This is \$242.54 in excess of the amount which Canadian county paid in 1907 to support the territorial government for 12 months. Dividing \$21,208.46 by 19 1/2 you obtain \$1,087.61, the amount which Canadian county will pay to support state government for one month. Multiply this result by 12 and you obtain \$13,051.32 the amount which Canadian county will be required to pay to support state government 12 months as compared with \$20,965.92 the amount which Canadian county was required to pay to support territorial government for 12 months.

Cleveland County

In 1907 the total assessed valuation of Cleveland county was \$2,219,124 and under the territorial levy of 5 1/2 mills Cleveland county paid toward the support of territorial government for 12 months \$12,205.18.

This year the assessed valuation of Cleveland county is fixed at \$87,424,692 and under the state levy of 1 1/4 mills will pay \$9,820.86 for the maintenance of state government for 19 1/2 months. This is \$2,924.23 less than Cleveland county paid in 1907 to support territorial government for a period of 12 months. Divide \$9,820.86 by 19 1/2 and you obtain \$475.94 the proportionate amount which Cleveland county will pay for the maintenance of state government for one month. Multiply this result by 12 and you obtain \$5,711.28 the amount which Cleveland county will pay for the support of state government for one year as compared with \$12,205.18 which Cleveland county was required to pay to support territorial government for one year.

Custer County

In 1907 Custer county was given a total valuation of \$3,325,859 and under the territorial tax levy of 5 1/2 mills paid \$18,292.22 toward the expenses of territorial government for 12 months.

This year Custer county has a total valuation of \$12,503,867 and under the state tax levy of 1 1/4 mills will pay \$15,422.33 toward the support of state government for 19 1/2 months which is \$2,849.39 less than Custer county paid last year for the maintenance of territorial government for 12 months. Divide \$15,422.33 by 19 1/2 and you obtain \$791.91 which is the amount Custer county will be required to pay for state government for one month. Multiply this result by 12 and it gives you \$9,502.92 the amount which Custer county will pay for the support of state government for one year as compared with \$18,292.22 paid by Custer county under republican carpet bag rule to support the territorial government 12 months.

Dewey County

In 1907 Dewey county was given a total valuation of \$1,522,722 and under the territorial levy of 5 1/2 mills paid \$8,374.97 for the maintenance of territorial government for 12 months.

This year Dewey county was assessed at \$5,820,380 and under the state levy of 1 1/4 mills will pay \$7,275.47 toward the expense of state government for 19 1/2 months or \$1,099.30 less than the same county paid last year to support territorial government one year.

Divide \$7,275.47 by 19 1/2 and you obtain \$373.10 the amount which Dewey county will pay this year toward the support of state government for one month. Multiply this result by 12 and it gives \$4,477.20 the amount which Dewey county will contribute toward the expenses of state government for one year as compared with \$8,374.97 collected in Dewey county in 1907 to support the territorial government for one year.

Garfield County

In 1907 Garfield county had a total valuation of \$3,407,762 and paid \$9,742.69 territorial taxes for a period of one year.

This year Garfield county has a total valuation of \$24,506,597 and will pay \$30,633.24 toward the expenses of state government for a period of 19 1/2 months or \$950.55 more than the same county paid last year to support territorial government twelve months.

Divide \$30,633.24 by 19 1/2 and you obtain \$1,579.93 the amount which Garfield county will pay to support state government one month. Multiply this result by 12 and you obtain \$18,959.16 the amount which Garfield county will be required to pay for the support of state government for 12 months as compared with \$9,742.69 which Garfield county was required to pay in 1907 to support the territorial government for 12 months.

Grant County

In 1907 Grant county had a total valuation of \$3,530,653. Under the territorial levy of 5 1/2 mills it was required to pay \$19,415.59 in territorial taxes for a period of 12 months.

This year Grant county has a total valuation of \$17,071,123 and under the state levy of 1 1/4 mills will pay \$21,338.90 toward the support of state government for a period of 19 1/2 months or \$1,920.31 more than was paid by the same county last year to support territorial government 12 months. Divide \$21,338.90 by 19 1/2 and you obtain \$1,094.30 the amount which Grant county will be required to pay to maintain the state government one month. Multiply this result by 12 and it gives you \$13,131.60, the

taxes to be paid by Grant county for the support of the state government for 12 months, as compared with \$19,415.59 collected in 1907 to support the territorial government for 12 months.

Key County

In 1907 Key county had a total assessed valuation of \$4,358,747 and under the territorial levy of five and a half mills paid \$23,945.61 territorial tax. This year Key county's assessed valuation is \$19,588,862 and under the state levy of one and one fourth mills will pay \$21,461.07 for the maintenance of state government for a period of nineteen and a half months. This is \$515.46 less than Key county paid in 1907 for the support of territorial government for twelve months.

Divide \$21,461.07 by nineteen and a half and you have \$1,100.56 which is the proportionate amount of Key county's state taxes for one month. Multiply this sum by twelve and you have \$13,206.72 which Key county will have to pay under the democratic state administration to support the state government for twelve months, as compared with \$23,945.61 paid by Key county in 1907 to maintain the territorial government 12 months.

Kingfisher County

In 1907 Kingfisher county had a total assessed valuation of \$3,192,130, and paid \$15,567.2 territorial taxes. This year Kingfisher county has a total assessed valuation of \$11,414,137 and will pay for the support of the state government for 19 1/2 months, \$14,267.67. Just \$2,899.95 less than Kingfisher county paid in 1907 to support the republican territorial regime for twelve months.

Divide \$14,267.67 by nineteen and a half and you have \$735.67 which is the proportionate amount Kingfisher county will pay toward the support of state government for one month. Multiply this sum by twelve and you have \$8,828.04 which is the amount Kingfisher county will pay for the maintenance of democratic state government for twelve months as compared with \$15,567.22 the amount paid by the same county last year in territorial taxes.

Kiowa County

In 1907 Kiowa county had a total assessed valuation of \$3,502,111 and paid \$18,261.83 as territorial taxes. This year Kiowa county has a total valuation of \$13,812,019 and will pay \$17,265.02 state taxes for a period of nineteen and a half months. This is \$1,996.81 less than the republican territorial administration collected for twelve months.

Divide \$17,265.02 by nineteen and a half and the result is \$885.93 the amount which Kiowa county will have to pay for the support of the state government for one month. Multiply this sum by twelve and you have \$10,631.16 which is the amount of state taxes Kiowa county will pay for a period of one year as compared with \$18,261.83 collected under territorial administration in 1907 for a similar period.

Lincoln County

Last year Lincoln county was placed on the tax rolls at a total valuation of \$4,399,974 and territorial taxes amounting to \$24,199.86 were assessed against this property.

This year Lincoln county has a total assessed valuation of \$17,000,087, and under the state levy of one and a fourth mills will pay \$21,531.15 towards the maintenance of state government for a period of nineteen and a half months for which all appropriations run. This is \$2,655.30 less than the amount collected by the republican territorial administration in 1907 for territorial taxes in Lincoln county and yet Lincoln county is one of the places where the republican papers and republican speakers have been clamoring about the way the democrats raised the taxes.

Divide \$21,531.15 by nineteen and a half and it gives you \$1,104.33 which is the proportionate amount that Lincoln county will pay to support the state government for one month. Multiply this sum by twelve and you have \$13,251.96 which is the amount of state taxes that Lincoln county will be required to pay for one year as compared with \$24,199.86 collected in 1907 to support the territorial government one year.

Logan County

In 1907 Logan county had a total valuation of \$1,927,709 and paid \$20,958 territorial taxes for one year. This year Logan county is valued at \$11,284,400 and under the state levy of one and a fourth mills will pay \$21,916.76 state taxes for a period of nineteen and a half months. This lacks just sixty eight cents of being \$5,000 less than the same county paid toward the support of territorial government for twelve months.

Divide \$21,916.76 by nineteen and a half and you have \$1,122.61 the amount which Logan county will have to pay for the support of state government for one month. Multiply this sum by twelve and you secure \$13,471.32 which is the amount Logan county will have to pay for the support of state government for one year as compared with \$20,958, which was the amount collected under territorial rule for the same length of time.

Oklahoma County

In 1907 Oklahoma county had a total assessed valuation of \$17,175,877, and paid in territorial taxes \$51,647.88. This year Oklahoma county has a total assessed valuation of \$46,035,564, and under the state levy of one and a fourth mills will pay \$57,544.45 toward the support of state government for nineteen and a half months. This is an increase of \$5,896.57 over the taxes paid last year

to support the territorial government for a period of one year.

Divide \$57,544.45 by nineteen and a half and you have \$2,950 which is the amount Oklahoma County will be required to pay for the support of state government for one month. Multiply this amount by twelve and you have \$35,400 which is the amount that Oklahoma county will pay toward the support of state government for one year, as compared with \$51,647.88 paid by the same county last year.

Noble County

In 1907 Noble county had a total assessed valuation of \$2,203,412 and paid \$12,118.77 toward the support of the territorial regime for a period of twelve months.

This year Noble county has a total assessed valuation of \$10,033,556 and will pay \$12,529.40 to the support of state government for a period of nineteen and a half months. This is \$410.62 in excess of the amount paid in 1907 toward the support of territorial government for twelve months. Dividing \$12,529.40 by nineteen and a half you have \$642.3 the amount that Noble county will pay for one month to support the state government. Multiply this sum by twelve and you have \$7,711.36 the amount that Noble county will pay toward the support of the state government for twelve months as compared with \$12,118.77, the amount paid by that county toward the expense of territorial government for the same period of time.

Pawnee County

In 1907 Pawnee county had a total assessed valuation of \$1,063,340 and paid territorial taxes for one year in the amount of \$27,848.37.

This year Pawnee county has a total valuation of \$10,520,198 and under the state levy of one and a fourth mills will pay a state tax of \$13,523.21 for a period of nineteen and a half months for which the levy is made. This is \$14,231.22 less than the same county paid in 1907 for territorial taxes for a period of one year.

Divide \$13,523.21 by nineteen and a half and you obtain \$695.80 the proportionate amount that Pawnee county will pay each month to support the state government. Multiply this result by twelve and it gives you \$8,349.60 the amount of state taxes Pawnee county will have to pay in twelve months as compared with \$27,848.37 paid by the same county last year for the support of territorial government for twelve months.

Payne County

In 1907 Payne county had an assessed valuation of \$7,144,912 and paid \$19,493.72 in territorial taxes for one year.

This year Payne county has a total valuation of \$11,661,699 and will pay \$14,580.87 toward the support of state government for nineteen and a half months the period for which all appropriations were made. This is \$4,912.85 less than the same county paid last year to support territorial government for twelve months.

Divide \$14,580.87 by nineteen and a half and you have \$747.73 the proportionate amount that Payne county will pay for the support of the state government for one month. Multiply this result by twelve and it gives you \$8,972.76 the amount of state tax that Payne county will pay for one year as compared with \$19,493.72 levied and collected in the same county by the republican territorial carpet baggers for a period of the same duration.

Pottawatomie County

In 1907 Pottawatomie county had an assessed valuation of \$4,776,009 and paid territorial taxes for twelve months in the sum of \$26,268.78.

This year under a democratic administration the property of Pottawatomie county is valued at \$16,602,052 and the state taxes for nineteen and a half months will be \$20,725.56 or \$5,515.82 less than was levied and collected in the same county last year for the support of the territorial government.

Divide \$20,725.56 by nineteen and a half and you secure \$1,064.23 which is the amount that Pottawatomie county will pay toward the expense of state government for one month.

Multiply this result by twelve and it gives you \$12,770.76 the amount which Pottawatomie county will pay toward the support of state government for one year as compared with \$26,268.78 levied in the same county last year by a republican carpet bagger to defray the expenses of the territorial government for twelve months.

GIRL KILLED HER AGED FATHER

Taylor, Tex., Oct. 16.—On the Henry Hoch farm, in the Turkey Creek community, five miles northeast of Taylor, yesterday morning about 7 o'clock Bessie Griffith, the 17-year-old daughter of J. William Griffith, a tenant on the place, shot and instantly killed her father, firing two shots from a 41-caliber revolver at close range, both shots taking effect in the left breast. Griffith had demanded of his daughter that she go to the cotton field and pick cotton. She refused, and the father drew a knife from his pocket.

Griffith was 50 years of age. In a preliminary trial held in Justice John Black's court this afternoon Miss Griffith was granted bail in the sum of \$500, which was readily given.

CHOCTAW VACANCIES FILLED.

Gov. McCurtain Makes Appointments His Acts Endorsed.

Tuskahoma, Ok., Oct. 16.—Under the terms of an old Choctaw Nation law, Gov. Green McCurtain, principal chief of the Choctaws, has filled vacancies by appointment in both house and senate for the present session of the council. The vacancies were occasioned by the regular members being unable to attend. Dick Locke, Jr., and Silas Cole, both of Antlers, have been designated for the senate, and Dr. E. N. Wright of Olney has been appointed to the house in place of John Harrison, member from Atoka County.

It is understood that Dr. Wright will be the next delegate to Washington for the Choctaw people. He was recently defeated by Major Hackett of McAlester for the republican congressional nomination from the fourth district.

The council has already adopted

resolutions and memorials in sympathy with Gov. McCurtain's annual message. They advocate a unit sale of the segregated surface, coal and asphalt lands. They advocate the sale of the Indian's surplus lands, protest against reopening the Choctaw rolls and oppose the use of the Choctaw Nation's royalty money derived from coal to continue Indian schools. The tribal treaties provide that when Indians pay taxes to the state for school purposes the royalty money shall no longer be so applied.

WM. J. BRYAN AT DENVER.

Denver, Oct. 16.—Wm. J. Bryan was the guest of the city for several hours tonight and was given a very cordial reception. Great crowds lined the streets through which the candidate rode to the Auditorium, where he delivered the principal speech of the program of speech-making outlined for him.

All along the line of march he was received with enthusiastic acclaim. More than two score of marching clubs, from all sections of the state followed the candidate through the city's streets, and as he progressed, the glow of red fire and other pyrotechnics added to the brilliancy of the electrical effects and especially arranged for the occasion.

W. R. HEARST SUED

Omaha, Neb., Oct. 16.—After a dramatic scene on a Union Pacific passenger train last night, in which the door of his stateroom was burst open by a deputy sheriff, William R. Hearst, the millionaire publisher, was served with papers notifying him of a suit for \$600,000 brought against him for slander and libel by Gov. Haskell in the Douglas County (Neb.) District court.

The summons was served by Deputy Sheriff Stewart for Gov. Haskell's attorneys in the damage suit. The suit was filed in the district court at 10 o'clock last night, after which the papers were immediately withdrawn. It was known that Hearst would pass through Omaha last night on his way from Seattle to New York, and plans were laid accordingly. Deputy Sheriff Stewart was on hand with orders to serve the summons on Hearst, but had a trying time doing so.

After a knock on the door of Hearst's stateroom, the information was served through the keyhole of the door from the editor's wife that he was not in the room, but had gone to the depot to send a telegram. Not to be cheated, the deputy sheriff demanded admittance in the name of the law, saying if he were not admitted he would break down the door.

Then ensued a dramatic scene. Mrs. Hearst, once the inside, screamed out that she was alone and would admit no man, and the deputy proceeded to carry out the threat to break in. Using his shoulder as a battering ram, he crashed through the door and was met by Mrs. Hearst, partially disrobed, apparently on the verge of hysteria.

Nothing daunted, although Mrs. Hearst rushed screaming through the door out into the aisle, Deputy Stewart started to kick in the door of the toilet room adjoining the stateroom.

Then Hearst emerged and accepted the papers which the deputy thrust out. He appeared less indignant than his wife. Hearst said the summons was unexpected, that he had not the least suspicion that anything of the kind was to occur in Omaha.

Hearst Makes Statement.

"Why did you refuse admittance to the office?" was asked.

"Because my wife and myself had retired for the night," explained Mr. Hearst. "I had no objections to being served with the papers here, in Oklahoma or anywhere else. Frankly, I do not believe this case will ever come to trial, and the knowledge that this suit has been filed does not disturb me in the least. When Gov. Haskell said, not very long ago, that his only reason for not bringing the action against me was his lack of funds, I offered to donate the necessary amount from my own purse, and this offer still holds good."

Guthrie, Ok., Oct. 16.—When Gov. C. N. Haskell arrived from the East this morning he was handed a telegram from Virgil Conkling of Kansas City, retained by the governor to bring suit for libel and slander against W. R. Hearst, the millionaire newspaper publisher, advising the governor that personal service had been secured upon Mr. Hearst, on a train in Omaha.

The Associated Press carried a statement from Mr. Hearst given in Omaha last night, in which the editor stated that he had written Oklahoma's governor that he would defray a part of the expenses of the suit and accept service by mail.

Hearst's Statement Branded False.

"Both of these statements are absolutely false," said Gov. Haskell. "He has not sent me a word of any kind, neither by letter or telegram, nor in any other way. When I found that he had left his spectacular caravan on the Pacific Coast and was traveling eastward incognito, I immediately had guarded every trunk line gateway—St. Paul, Omaha, Kansas City, Fort Worth, Dallas and Houston, determined that he should not escape. I suggested that each train be overhauled from engine to rear car, and advised searching everything from the trucks to the car compartments. I am now told that three times on the train east he

emphatically denied his identity."

The suit of Gov. Haskell is for civil damages in the sum of \$600,000, for slander and libel contained in statements printed in the Chicago Examiner, over the signature of W. R. Hearst, and being the outgrowth of Mr. Hearst's speech in Memphis. These speeches have to do with the alleged attempt to bribe Attorney General Monnett of Ohio, and the case "the Prairie Oil and Gas Company in Oklahoma."

"Hearst can put this down," said Governor Haskell, in discussing the time of trial, "that if he thinks this suit was brought for fun he is badly mistaken. He will have an opportunity to learn that what some people call in Oklahoma 'bluff' has extracts of the real article in it. I certainly would not spend my money in getting over the country and hiring attorneys if I did not intend to put him on the rack."

Hearst Men Seeking Data.

Mr. Hearst has had his men in Oklahoma during the campaign gathering matter which deemed advantageous in the attack made upon Gov. Haskell. It was learned today that three of Hearst's newspaper men have been in Ohio for two weeks searching for matter there. It is predicted here that a hearing of the case will have the effect of setting at rest all of the charges brought against Gov. Haskell during the campaign, a matter which he says he has always courted. It was first planned to bring the suit in one of the North Missouri counties, where court could be found in session, but in this instance the governor's attorneys were confronted by the problem of securing service. For this reason the "open policy," or taking chances of service, was adopted. Handling the case for Gov. Haskell are Virgil Conkling, democratic nominee for prosecuting attorney of Jackson county (Kansas City); Ralph Lozier of Carrollton, Mo., brother of R. E.

"Sapho" Last Night.

The largest and most fashionable audience of the week witnessed the Gertrude Ewing Company presentation of "Sapho" last night which was a most enjoyable dramatic event, and as promised was a strictly moral play, of course a play preaching eternal goodness would be monotonous therefore good and bad must be shown in the drama that the author—or rather the adapter—as in this case—may more forcibly bring out the moral lesson which is intended. To err; to sin is but human, to suffer to repent is its price, and no matter what "Sapho" may have been she, bitterly repents and receives her reward in poor Plamant's love who serves a prison term for forgery for her, and who through Dechelett—who commits suicide for his sins—is released from prison and made rich.

Miss Ewing's Company gave an excellent performance and as "Sapho" she seemed to completely lose her identity in the artistic characterization. The Directorate gown worn by

Miss Ewing was a stunning creation and needed no opera glasses or Hamlet's ghost from the grave to tell that it was the real thing and made in gay Paree, and Ada theater goers need not hesitate to tell their other city friends so, it was not at all bad—as might be supposed bearing a Parisian brand—but beautiful and so pronounced by the critical.

In briefly reviewing the weeks' offerings, Miss Ewing and her company have more than "made good" and given us a list of plays that appeals to the discriminating theater goers, and out of the ordinary for their high standard of excellence, which might be termed the secret of her long past success. They close their engagement tonight with the merry musical farce comedy, "A Merry Widow" which is said to be all fun with new specialties, musical and Medleys, etc.

A hearty welcome ever awaits Miss Ewing and her company when they choose to pull the latch-string of Ada's Theatrical portals as they have proven their worth in full.

STATE BOARD VALUATION GOES.

County Boards of Education Must Conform to Superior Power.

Guthrie, Ok., Oct. 16.—Answering an inquiry from State Auditor Trapp, the attorney general has held that county boards of equalization must abide by the action of the state board in the matter of tax valuations. The inquiry was occasioned by the action of the county board of Jefferson county, which, thinking it within its power to revise the valuations made by the state board, reduced the valuation on bank stock to correspond to the state board's reduction in the valuation of personal property. County boards are without power to alter the returns of the state board no matter what the opinion of the county board may be by the opinion recites.

HASKELL VISITED OHIO HOME

Guthrie, Ok., Oct. 16.—"Pay your bluff, I have been to Ohio," was the notation on a sight draft for \$1,000 drawn by Gov. C. N. Haskell on the republican state committee, and placed in the Oklahoma state bank of this city for collection.

Otherwise the draft shows that this money is to be donated to furnishing the new building erected by the state for the Langston Colored University, and adds: "Being the only aid given this institution by the republican party of Oklahoma."

The governor insists that the republican committee offered to wager a thousand that he would not dare to visit Ohio before the campaign closed, and now he says he wants to collect the money. The draft will be presented at the office of State Chairman Norris tomorrow morning.

"I did not make generally known my intention to visit Ohio," said Gov. Haskell tonight, "because I did not know when I left here that I would be able to do so. Had I so announced and anything prevented trip, any explanation which might be made would not have been acceptable to the republican managers. They were very anxious to learn the date of my visit. What they need is a little tutoring in the science of practical politics."

The governor states that the report carried by the Associated Press that he was received at Lima and Ottawa, Ohio, none too cordially was untrue, and he has wired that organization for an explanation. His reception was cordial and enthusiastic, members of the governor's party state, and that he was not interrupted at any time, save with applause. He was met at the depot with a band and a procession of red lights.

PAIN

Pain in the head—pain anywhere, has its cause. Pain is caused, pain is blood pressure—nothing else usually. At least, says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers, restores blood pressure, pleases the blood circulation. If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are restless, nervous, it's blood congestion. Blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure. Bruise your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside nerves" fail, then the organs must fail. Dr. Shoop's Restorative is directed specifically to these failing nerves. Within 58 hours after starting the Restorative treatment patients say they realize a gain. Sold by G. M. Ramsey. 156-1m

CHICKASAW ROLL.

Case Soon to Be Decided by U. S. Supreme Court.

Washington, Oct. 16.—The validity of the act of former secretary of the Interior, Hitchcock, in excluding the names of 1,500 Indians from the citizenship rolls of the five civilized tribes, just before his retirement from office, March 4, 1907, is involved in a case which was argued yesterday in the supreme court of the United States, and which will probably be decided within the next few days. The case is that of Secretary Garfield vs. Goldsby, a Chickasaw Indian, and Ida and George Allison, Cherokee Indians. Mr. Garfield having been substituted for Mr. Hitchcock.

The Indians claim the omission of their names was unwarranted, and they brought suits in the courts of the District of Columbia to compel their restoration. The district courts decided in their favor and the government appealed to the supreme court. Attorney General Bonaparte and Assistant Attorney Fowler appeared for the government, and Merrill and Kappler of Washington and C. H. Gellheimer of Oklahoma for the Indians.

MORE FACTS ABOUT TAXES

DEMOCRATIC STATE GOVERNMENT COSTS LESS THAN CARPET BAG RULE

EXPOSURE OF REPUBLICAN FALSEHOODS

Figures for 19 Counties of Old Oklahoma Show that State Levy for 19 1/2 Months is Less than Territorial Levy for Twelve Months

Of nineteen counties in old Oklahoma whose boundary lines were unchanged by the Constitution there are but four where the state tax for 19 1/2 months is not several hundred dollars less than the 1907 levy for territorial taxes for 12 months.

In considering the following figures which are taken from the official records of the state auditor the fact should be borne in mind that all the appropriations made by the first state legislature were for a period of 19 1/2 months and that the first state tax levy must be sufficient to pay the expense of the state government for 19 1/2 months. The territorial levy for 1907 was to meet appropriations that were made to cover the territorial expenses for only twelve months, or one fiscal year. It should also be borne in mind that when the democratic state officials got possession of the records from their republican predecessors they discovered outstanding warrant indebtedness of the territory of Oklahoma aggregating almost \$1,000,000. The records also show that the greater part of this \$1,000,000 debt was contracted during the last two years of the carpet bag regime.

Blaine County
Here are the official figures for Blaine county. In 1907 under republican territorial administration the total valuation of Blaine county was fixed at \$2,677,808. Under the territorial levy of 5 1/2 mills Blaine county was required to pay toward the support of territorial government \$14,700.44.

This year under a democratic state government the property of Blaine county is valued at \$9,687,407. The state levy is fixed at 1 1/4 mills and Blaine county will this year pay \$12,085.25 toward the support of the state government. This amount it must be remembered is for 19 1/2 months expenses but still is \$2,615.75 less than was assessed against Blaine county to support the territorial government for 12 months. Taking the total state taxes of \$12,085.25 levied against Blaine county this year and divide it by 19 1/2 and you will obtain \$619.70 the proportionate amount which Blaine county will have to pay to support the state government one month. Multiply \$619.70 by 12 and you have \$7,436.40 the amount which Blaine county under statehood will have to pay to support the state government one year as compared with \$14,700.44 under republican territorial rule.

Beaver County
Old Beaver county embracing the territory now included in Beaver, Texas and Cimarron counties was valued last year by the republican territorial board of equalization at \$3,157,947 and under the territorial tax levy of 5 1/2 mills paid \$17,368.79 taxes to support the territorial government. This year the three counties embraced in what was old Beaver county have been given an aggregate valuation of \$11,697,465. Under the state levy of 1 1/4 mills they will be required to pay \$14,627.83 toward the support of state government for 19 1/2 months. This is \$2,746.88 less than Beaver county paid under republican territorial rule to support the territorial government for 12 months. Dividing \$14,627.83 by 19 1/2 you secure \$749.83 the amount which Beaver, Texas and Cimarron counties will be required to pay to support the state government for one month. Multiply this by 12 and you have \$8,997.96 which is the amount that these three counties will pay to support state government for one year as compared with \$17,368.79 the amount which the same territory paid to support the republican territorial regime for 12 months.

Caddo County
In 1907 the total valuation of Caddo county was fixed at \$3,328,756 and under the territorial levy of 5 1/2 mills Caddo county was required to pay \$18,297.16 toward the support of territorial government for one year. This year Caddo county is valued at \$13,687,828 and under the state levy of 1 1/4 mills will pay \$17,046.91 toward the support of state government for 19 1/2 months. This is \$1,250.25 less than Caddo county paid in 1907 for the support of territorial government for one year. Taking the total state tax of Caddo county for this year, of \$17,046.91 and dividing that by 19 1/2 you will obtain \$874.20 which is the amount Caddo county will pay to support the state government for one month. Multiply this result by 12 and you obtain \$10,490.40 the amount which Caddo county must pay to support the state government for one year as compared with \$18,297.16 which Caddo county was last year required to pay toward the support of

republican territorial government for one year.

Canadian County
In 1907 Canadian county was assessed at \$3,811,985 and under the territorial levy of 5 1/2 mills paid \$20,985.92 toward the expense of territorial government for one year.

This year Canadian county has a total valuation of \$16,966,770. Under the state levy of 1 1/4 mills she will pay \$21,208.46 towards the support of the state government for 19 1/2 months. This is \$242.54 in excess of the amount which Canadian county paid in 1907 to support the territorial government 12 months. Dividing \$21,208.46 by 19 1/2 you obtain \$1,087.61 the amount which Canadian county will pay to support state government for one month. Multiply this result by 12 and you obtain \$13,051.32 the amount which Canadian county will be required to pay to support state government 12 months as compared with \$20,985.92 the amount which Canadian county was required to pay to support territorial government for 12 months.

Cleveland County
In 1907 the total assessed valuation of Cleveland county was \$2,219,124 and under the territorial levy of 5 1/2 mills Cleveland county paid towards the support of territorial government for 12 months \$12,205.18.

This year the assessed valuation of Cleveland county is fixed at \$8,742,692 and under the state levy of 1 1/4 mills will pay \$9,820.86 for the maintenance of state government for 19 1/2 months. This is \$2,924.23 less than Cleveland county paid in 1907 to support territorial government for a period of 12 months. Divide \$9,820.86 by 19 1/2 and you obtain \$503.19 the proportionate amount which Cleveland county will pay for the maintenance of state government for one month. Multiply this result by 12 and you obtain \$6,038.28 the amount which Cleveland county will pay for the support of state government for one year as compared with \$12,205.18 which Cleveland county was required to pay to support territorial government for one year.

Custer County
In 1907 Custer county was given a total valuation of \$3,325,809 and under the territorial tax levy of 5 1/2 mills paid \$18,292.22 toward the expenses of territorial government for 12 months.

This year Custer county has a total valuation of \$12,307,867 and under the state tax levy of 1 1/4 mills will pay \$11,422.33 toward the support of state government for 19 1/2 months which is \$2,849.89 less than Custer county paid last year for the maintenance of territorial government for 12 months.

Divide \$11,422.33 by 19 1/2 and you obtain \$589.91 which is the amount Custer county will be required to pay for state government for one month. Multiply this result by 12 and it gives you \$7,078.92 the amount which Custer county will pay for the support of state government for one year as compared with \$18,292.22 paid by Custer county under republican carpet bag rule to support the territorial government 12 months.

Dewey County
In 1907 Dewey county was given a total valuation of \$1,522,722 and under the territorial levy of 5 1/2 mills paid \$8,374.97 for the maintenance of territorial government for 12 months.

This year Dewey county was assessed at \$5,820,380 and under the state levy of 1 1/4 mills will pay \$7,275.47 toward the expense of state government for 19 1/2 months or \$1,099.30 less than the same county paid last year to support territorial government one year.

Divide \$7,275.47 by 19 1/2 and you obtain \$375.10 the amount which Dewey county will pay this year toward the support of state government for one month. Multiply this result by 12 and it gives \$4,501.20 the amount which Dewey county will contribute toward the expenses of state government for one year as compared with \$8,374.97 collected in Dewey county in 1907 to support the territorial government for one year.

Garfield County
In 1907 Garfield county had a total valuation of \$1,407,762 and paid \$29,742.69 territorial taxes for a period of one year.

This year Garfield county has a total valuation of \$24,506,597 and will pay \$30,633.24 toward the expenses of state government for a period of 19 1/2 months or \$890.55 more than the same county paid last year to support territorial government twelve months.

Divide \$30,633.24 by 19 1/2 and you obtain \$1,589.03 the amount which Garfield county will pay to support state government one month. Multiply this result by 12 and you obtain \$19,068.36 the amount which Garfield county will be required to pay for the support of state government for 12 months as compared with \$29,742.69 which Garfield county was required to pay in 1907 to support the territorial government for 12 months.

Grant County
In 1907 Grant county had a total valuation of \$3,530,653. Under the territorial levy of 5 1/2 mills it was required to pay \$19,418.59 in territorial taxes for a period of 12 months.

This year Grant county has a total valuation of \$17,071,123 and under the state levy of 1 1/4 mills will pay \$21,338.90 toward the support of state government for a period of 19 1/2 months or \$1,920.31 more than was paid by the same county last year to support territorial government 12 months. Divide \$21,338.90 by 19 1/2 and you obtain \$1,099.30 the amount which Grant county will be required to pay to maintain the state government one month. Multiply this result by 12 and it gives you \$13,191.60, the

taxes to be paid by Grant county for the support of the state government for 12 months as compared with \$19,418.59 collected in 1907 to support the territorial government for 12 months.

Kay County
In 1907 Kay county had a total assessed valuation of \$4,353,747 and under the territorial levy of five and a half mills paid \$23,945.61 territorial tax. This year Kay county's assessed valuation is \$19,688,862 and under the state levy of one and one fourth mills will pay \$21,461.07 for the maintenance of state government for a period of nineteen and a half months. This is \$515.46 less than Kay county paid in 1907 for the support of territorial government for twelve months.

Divide \$21,461.07 by nineteen and a half and you have \$1,100.56 which is the proportionate amount of Kay county's state taxes for one month. Multiply this sum by twelve and you have \$13,206.72 which Kay county will have to pay under the democratic state administration to support the state government for twelve months as compared with \$23,945.61 paid by Kay county in 1907 to maintain the territorial government 12 months.

Kingfisher County
In 1907 Kingfisher county had a total assessed valuation of \$3,192,130 and paid \$17,556.72 territorial taxes. This year Kingfisher county has a total assessed valuation of \$11,414,137 and will pay for the support of the state government for 19 1/2 months \$14,267.67 just \$289.05 less than Kingfisher county paid in 1907 to support the republican territorial regime for twelve months.

Divide \$14,267.67 by nineteen and a half and you have \$735.17 which is the proportionate amount Kingfisher county will pay toward the support of state government for one month. Multiply this sum by twelve and you have \$8,822.04 which is the amount Kingfisher county will pay for the maintenance of democratic state government for twelve months as compared with \$17,556.72 the amount paid by the same county last year in territorial taxes.

Kiowa County
In 1907 Kiowa county had a total assessed valuation of \$3,021,111 and paid \$18,261.63 as territorial taxes. This year Kiowa county has a total valuation of \$13,812,019 and will pay \$17,285.02 state taxes for a period of nineteen and a half months. This is \$1,996.81 less than the republican territorial administration collected for twelve months.

Divide \$17,285.02 by nineteen and a half and the result is \$883.53 the amount which Kiowa county will have to pay for the support of the state government for one month. Multiply this sum by twelve and you have \$10,602.36 which is the amount of state taxes Kiowa county will pay for a period of one year as compared with \$18,261.63 collected under territorial administration in 1907 for a similar period.

Lincoln County
Last year Lincoln county was placed on the tax rolls at a total valuation of \$4,399,974 and territorial taxes amounting to \$24,199.85 were assessed against this property.

This year Lincoln county has a total assessed valuation of \$17,108,187 and under the state levy of one and a fourth mills will pay \$21,531.15 towards the maintenance of state government for a period of nineteen and a half months for which all appropriations run. This is \$2,655.38 less than the amount collected by the republican territorial administration in 1907 for territorial taxes in Lincoln county and yet Lincoln county is one of the places where the republican papers and republican speakers have been clamoring about the way the democrats raised the taxes.

Divide \$21,531.15 by nineteen and a half and it gives you \$1,104.83 which is the proportionate amount the Lincoln county will pay to support the state government for one month. Multiply this sum by twelve and it gives you \$13,257.96 which is the amount Lincoln county will pay toward the support of state government for one year as compared with \$24,199.85 collected in Lincoln county in 1907 to support the territorial government for one year.

Logan County
In 1907 Logan county had a total valuation of \$1,121,000 and paid \$20,098.88 territorial taxes for one year.

This year Logan county is valued at \$1,284,000 and under the state levy of one and a fourth mills will pay \$21,910.56 state taxes for a period of nineteen and a half months. This lacks just eight cents of being \$5,000 less than the same county paid toward the support of territorial government for twelve months.

Divide \$21,910.56 by nineteen and a half and you have \$1,123.61 the amount which Logan county will have to pay for the support of state government for one month. Multiply this sum by twelve and you secure \$13,483.32 which is the amount Logan county will have to pay for the support of state government for one year as compared with \$20,098.88 which was the amount collected under territorial rule for the same length of time.

Oklahoma County
In 1907 Oklahoma county had a total assessed valuation of \$17,175,877 and paid in territorial taxes \$51,647.68. This year Oklahoma county has a total assessed valuation of \$46,035,564 and under the state levy of one and a fourth mills will pay \$57,544.45 toward the support of state government for nineteen and a half months. This is an increase of \$5,896.77 over the taxes paid last year

to support the territorial government for a period of one year.

Divide \$57,544.45 by nineteen and a half and you have \$2,950 which is the amount Oklahoma County will be required to pay for the support of state government for one month. Multiply this amount by twelve and you have \$35,400 which is the amount that Oklahoma county will pay toward the support of state government for one year as compared with \$51,647.68 paid by the same county last year.

Noble County
In 1907 Noble county had a total assessed valuation of \$2,203,412 and paid \$12,118.77 toward the support of the territorial regime for a period of twelve months.

This year Noble county has a total assessed valuation of \$10,023,526 and will pay \$12,529.40 to the support of state government for a period of nineteen and a half months. This is \$410.62 in excess of the amount paid in 1907 toward the support of territorial government for twelve months. Dividing \$12,529.40 by nineteen and a half you have \$642.50 the amount that Noble county will pay for one month to support the state government. Multiply this sum by twelve and you have \$7,710.00 the amount that Noble county will pay toward the support of the state government for twelve months as compared with \$12,118.77 the amount paid by that county toward the expense of territorial government for the same period of time.

Pawnee County
In 1907 Pawnee county had a total assessed valuation of \$6,063,340 and paid territorial taxes for one year in the amount of \$27,848.37.

This year Pawnee county has a total valuation of \$10,820,198 and under the state levy of one and a fourth mills will pay a state tax of \$13,521.31 for a period of nineteen and a half months for which the levy is made. This is \$14,332.12 less than the same county paid in 1907 for territorial taxes for a period of one year.

Divide \$13,521.31 by nineteen and a half and you obtain \$698.00 the proportionate amount that Pawnee county will pay each month to support the state government. Multiply this result by twelve and it gives you \$8,376.00 the amount of state taxes Pawnee county will have to pay in twelve months as compared with \$27,848.37 paid by the same county last year for the support of territorial government for twelve months.

Payne County
In 1907 Payne county had an assessed valuation of \$3,143,112 and paid \$19,493.72 in territorial taxes for one year.

This year Payne county has a total valuation of \$11,611,099 and will pay \$14,808.7 toward the support of state government for nineteen and a half months the period for which all appropriations were made. This is \$4,912.86 less than the same county paid last year to support territorial government for twelve months.

Divide \$14,808.7 by nineteen and a half and you have \$747.33 the proportionate amount that Payne county will pay for the support of the state government for one month. Multiply this result by twelve and it gives you \$8,967.96 the amount of state tax that Payne county will pay for one year as compared with \$19,493.72 levied and collected in the same county by the republican territorial carpet baggers for a period of the same duration.

Pottawatomie County
In 1907 Pottawatomie county had an assessed valuation of \$4,776,009 and paid territorial taxes for twelve months in the sum of \$26,268.78.

This year under a democratic administration the property of Pottawatomie county is valued at \$16,002,052 and the state taxes for nineteen and a half months will be \$20,725.6 or \$5,515.82 less than was levied and collected in the same county last year for the support of the territorial government.

Divide \$20,725.6 by nineteen and a half and you secure \$1,064.23 which is the amount that Pottawatomie county will pay toward the expense of state government for one month. Multiply this result by twelve and it gives you \$12,770.76 the amount which Pottawatomie county will pay toward the support of state government for one year as compared with \$26,268.78 levied in the same county last year by a republican carpet bagger to defray the expenses of the territorial government for twelve months.

Mrs. Ed Gibson returned today from Shawnee

County Teachers' Association.

The Pontotoc County Teachers Association is in session in Ada today with a good attendance from all parts of the County.

The teachers have gone into a permanent organization which will be held every two months. There are splendid papers and speeches by the teachers and much interest is being manifested.

Miss Garrett went to Sasakwa this morning and will remain over Sunday.

TO THE ADA PUBLIC:--
The Mason Drug Store having passed to new ownership, and new management, we have also re-named it, "The People's Pharmacy." We are not making any great claims about being the "largest" or the "least", nor the "only" nor the "leading" drug store, yet we will expect to appreciate any patronage you may see fit to give us.
Will try and treat you as near right as possible, and do you faithful, conscientious and efficient service. Try us.
